LET UNCLE SAM GIVE YOU THE FACTS

Government reports show the steady
output of coal during the last few
years has made the dealers push for
wider markets. We are going to get
more value for your money by giving
you a larger value for your money.
You will never get out of debt unless
you buy wisely.

INSURANCE

Twenty-five years ago we paid 75c. per \$100 on a frame building
with five coal stoves in different parts of the building. Today
on same site, \$2.60 per \$100 on building now of brick and metal, one
fire, and heated by steam. Then the city had a volunteer fire de-
partment and now a fine up to date paid system and yet look at the
increase.

Looking at the changes in our own business every department
is from 25 cents to 100 per cent. better and cheaper. Why is Ken-
tucky's insurance rate higher than any State in the Union and 4
per cent. higher than the average for the entire United States and
territories.

GREGG'S IMPERIAL ORCHESTRA MAKES CHARMING HIT AT THE PASTIME.

There has never been a more charm-
ing and pleasing feature in a Mayville
movie theater than that of yesterday
and last night, when Manager Tate of-
fered Gregg's Imperial Orchestra of
Lexington as the premier attraction.

This musical organization of twelve
pieces was said by critics who know good
music when they hear it, to be the best
orchestra ever heard in Mayville, and
Mayville has had some of the world's
leading bands and orchestras.

At the several performances yester-
day, matinee and evening, 1,500 people
were thrilled with praise and delight at
the Gregg numbers.

The moving pictures were very fine,
while the solos of Mr. Percy Reed were
most pleasing.

MRS. MARY E. BROCK MANAGER OF THE CITY MISSION ILL IN HOSPITAL.

Mrs. Brock, the capable and much be-
loved head of the City Mission work
of the city, was removed from the
Mission rooms on Sutton street to the
hospital yesterday. Mrs. Brock is suf-
fering from heart trouble superinduced
by over-exertion during the recent cold
weather, bringing as it did so many
added duties to the unselfish woman.
Mrs. Brock and Miss Hurd, who so con-
scientiously met all demands made upon
them.

It is hoped that as Mrs. Brock is re-
sponding to the rest and care given her,
that after a week or so of perfect rest,
she may be able to return to the Mission
Home.

The sympathy of the community goes
out to her, in her enforced rest from the
work she loves so well, and to which
she consecrates her life.

SUPREME COURT KILLS PURE FOOD LAW.

Washington.—The Pure Food and
Drug Law has been killed by the Su-
preme Court, according to Dr. Harvey
W. Wiley, former chief chemist of the

man to add traces of arsenic to food
with impunity. Strichnine and other
drugs of a poisonous character can also
be added.

"WITHIN THE LAW"

Dr. Benn's Lecture Last Night at The
Central Presbyterian Church
Most Pleasing.

The lecture last night delivered by
Rev. R. L. Benn, on the popular book
and play, "Within the Law," was the
first of a series on the "Problem Plays
of Today."

In beginning he stated that he was
following a suggestion of other min-
isters in various places, in discussing
problems of the day as presented and
brought to the attention of the intel-
ligent public in the spectacular form of
a play.

After a vivid and pathetic synopsis
of the story he gave a realistic por-
trayal of the true conditions in the life
of the working girl of the cities; her
struggle for existence on the meagre
wage and the manifold temptation to
which she is subjected.

Following this he dwelt upon the
much discussed and deplorable truth of
what may be done within the law; the
rich going free and the poor alone suf-
fering and concluded with an imposing
climax concerning the Supreme law and
its unavailability.

A free will offering was taken toward
purchasing a piano for the Sunday
School and both speaker and those in-
terested were gratified with the liberal-
ity of the contribution.

There next lecture was announced for
the early part of April.
